

Arshile Gorky

Project: Based on Gorky's style of free forms and abstract storytelling, we will create a drawing from a place or time, using fun abstract, let your hand go where it wants to, drawing.

Process: This is a fun one. You will need your imagination. We will work on white paper, using mixed media with a black sharpie or black acrylic paint, and watercolors. Remember to use either watercolor paper or heavy construction paper. Outline first, if using black paint allow to dry before adding watercolor. Be as free as possible and create your drawing expressively.

Materials: Heavy white paper, black sharpie or black acrylic paint, watercolors, and brushes.
